

Improving the Safety Record of Experimental Amateur-Built Aircraft

Improving the safety record of Experimental Amateur-Built aircraft is a high priority for the EAA and the EAA Homebuilt Aircraft Council. Dave Prizio will address the primary causes of the relatively high accident rate in E-AB aircraft, as described in a recent NTSB report, and will outline EAA's efforts to change processes and training to significantly reduce accidents.

Directions: On Sand Canyon Avenue between the 5 and 405. Corner of Sand Canyon and Waterworks Way. Parking and the meeting room are in the back.
